Use EMS in Microsoft Edge with IE Mode

Background Information

Microsoft is retiring the Internet Explorer (IE) and it will go out of support on June 15, 2022 [<u>Reference</u>]. **Microsoft Edge** is the one announced to provide backward compatibility of IE, but there are some steps to enable the tools in order to use EMS.

Check Microsoft Edge version

Turn on the Microsoft Edge app and then check its version. The following method works with Version 92 or later.

View EMS in IE mode

Open a new tab and go to the EMS, the alert "Please use Internet Explorer to login EMS system" still there because by default it won't use IE mode to load a page.
